

New Key Programming Software compatible with Fiat* (FCA) 2023 ADS2327 - Code D756606AD

December 2023

Advanced Diagnostics is pleased to announce the release of a key programming solution for vehicles from Fiat*, Alfa Romeo*, Peugeot* and Opel*.

What does the software do?

The software programmes both bladed and proximity keys for models like the Giulia* and the Ducato*. All keys and remotes will be erased before programming new ones. The software bypasses the security pincode and programs the remote and the transponder at the same time. No working key is required. The ADC2019 cable is necessary to complete the programming procedure for certain models.

What else is needed?

Smart Pro

Cable ADC2019
(certain applications only)
